Project Manager | Technical Project Manager | Frontend Developer

Project manager with 10+ years of experience delivering complex projects across enterprise, construction, aviation, and production environments. Skilled at leading cross-functional teams, managing budgets, aligning stakeholders, and driving projects from concept through completion.

Expanded technical expertise by earning a Frontend Software Engineering certificate, gaining hands-on experience with modern web technologies including JavaScript, React, APIs, and deployment workflows. This technical background enables stronger collaboration with engineering teams and more effective delivery of technology-driven products.

Known for bringing structure, clear communication, and operational efficiency to complex projects while ensuring delivery on time and within budget.

Technical Project Management
Stakeholder Management
Project Planning & Scheduling
Budget & Cost Control
Risk Mitigation
Process Improvement
Cross-functional Team Leadership

Technical:

HTML5 • CSS3 • JavaScript (ES6+) • TypeScript
React • Next.js • REST APIs
Git • GitHub • Vercel
VS Code • Jest • Cypress

Professional Experience

Construction Project Manager

JLL – Boeing | Dallas, TX

Aug 2024 – Mar 2025

Led project delivery for aviation facility upgrades and operational improvements, managing budgets, timelines, and multi-disciplinary teams to ensure successful completion.

Key Contributions

- Directed projects from planning through completion while maintaining strict adherence to scope, budget, and timelines
- Coordinated contractors, engineers, and internal stakeholders to ensure seamless project execution
- Monitored project financials and provided cost forecasting to leadership
- Implemented quality control processes that ensured project deliverables met client standards
- Strengthened communication between teams to improve reporting and project visibility

Reason for Leaving: Unstable account due to Boeing layoffs impacting multiple roles.

Project Manager - Construction

Jones Lang LaSalle | Lonestar Regional, Remote

Family Dollar Renovation Program

Nov 2023 – Jul 2024

Managed renovation initiatives across multiple retail locations, coordinating vendors and contractors to deliver projects efficiently.

Key Contributions

- Managed multiple concurrent renovation projects from planning through completion
- Developed and maintained detailed project schedules to ensure milestone completion
- Negotiated vendor and contractor agreements aligned with project scope
- Conducted site inspections to identify potential risks and improvements
- Maintained project documentation including permits, change orders, and status reports

Reason for Leaving: Commercial program downsized resulting in role elimination.

Commercial Construction Scheduler

Gold Medal Construction | Remote, Lewisville, TX

Feb 2020 – Apr 2023

Supported large commercial construction initiatives by developing project schedules, forecasting timelines, and identifying potential project delays.

Key Contributions

- Developed project schedules using Microsoft Project and Procore
- Partnered with project managers and superintendents to identify risks and prevent delays
- Produced forecasting and milestone reports for leadership
- Created scheduling processes that improved coordination across construction teams

Reason for Leaving: Commercial department sold to another company resulting in layoffs.

Project Manager – Renovations

Jones Lang LaSalle | Remote, All of Wisconsin, Greater Chicago and Northern Illinois

BMO Harris Bank Renovations

Feb 2019 – Mar 2020

Managed capital improvement and operational facility projects for a high-profile enterprise client.

Key Contributions

- Delivered multiple facility improvement projects including lighting upgrades and infrastructure improvements
- Managed budgets, schedules, and vendor coordination throughout project lifecycle
- Presented project updates and reporting to senior leadership
- Maintained strong communication between clients, contractors, and project teams

Reason for Leaving: Relocated to Texas and COVID-19 eliminated travel-based project work.

Senior Project Support Analyst

Southwest Airlines | Dallas, TX

Feb 2017 – Apr 2018

Supported corporate facilities project governance and funding approval processes.

Key Contributions

- Maintained tracking systems for active and submitted capital projects
- Prepared project proposals and funding requests for executive review committees
- Managed project status reporting and documentation across multiple departments
- Developed tracking tools that improved visibility of project funding and approval status

Reason for Leaving: Contract position completed.

Project Operations Coordinator

Burgess Construction Consultants | Richardson, TX

Jul 2014 – Feb 2017

Supported operations for multifamily and commercial construction consulting projects.

Key Contributions

- Managed proposals, contracts, and project documentation across multiple departments
- Coordinated client communications and project scheduling
- Maintained project databases and reporting tools
- Assisted leadership with operational process improvements

Reason for Leaving: Limited growth opportunities after several years in the role.

Producer / Unit Production Manager / Script Supervisor

Longhorn Film Productions | Various Locations

Aug 2011 – Present

Lead production planning and operational management for film projects from development through distribution.

Key Contributions

- Managed budgets, production schedules, and staffing for film productions
- Coordinated creative and technical teams to maintain project timelines and quality standards
- Oversaw logistics including locations, permits, and production planning
- Ensured production continuity and collaboration between departments

Reason for Leaving: N/A this is ongoing contract and project-based work
